What have you learned about careers at the GEAR UP Summer Academy?

"I will remember careers are more than what I thought." – *Kameron*

"I found new options, like in science I know there are a whole list of jobs that I didn't know about. So now I've got a wide variety instead of just the regular athletic things." - *Chris*

"I learned about ... being an inventor and designing stuff." - *Sharielle*

"An inventor has to do many things to make an invention right." – *Rose*

"That you don't have to be the best student to get a career. Never give up. Always try to do things more than one time." - *Jose*

"You must go to college and the career you choose effects how much you will be able to do in life." – *Kenyon*

"That it is important to have one, there are many choices of careers and you can make a lot of money." – *Alexis*

"What it's like being a soil scientist, a marine biologist and what it takes to get a certain career." – *Noni*

"You have to make sure your career will pay your bills, you have to go to school for it and you have to put your mind that you will." – *Renate*
