

# Math Conference Follow-Up Sessions

Conference presenters will offer Support Sessions to help you write your **Math Materials Integration Plan**. You will also be able to revisit concepts and strategies from the conference workshops and learn new ones. Share ideas and conversation with your colleagues. The following sessions will be offered on both dates:

- Using Graphing Calculators (TI-73s or TI-84s) in your Classroom
- Geometry and Algebra with Geoboards
- Math, Literature, and Problem Solving
- Integrating Geometer Sketchpad into the Curriculum
- Making the Math Standards Happen with Manipulatives

**Saturday, February 10<sup>th</sup>**  
**9:00 - 12:00**

And/Or
