

TI-Nspire Workshops At NEIU

Summer 2009 TI-Nspire™ Workshop Hosted by the Chicago Teachers' Center at NEIU

Successfully implement TI-Nspire technology as part of your instruction. Workshops are facilitated by T³ Instructors and held statewide. Plan now to attend the following workshop right in your own backyard. Check out the Chicago location below.

Getting Started with TI-Nspire (1½-day workshop, \$225 per person) August 10-11, 2009

For educators without any TI-Nspire professional development experience.

This is a prerequisite for the 3-day workshop, and covers Algebra 1 & 2, Geometry, advanced math, middle grades, and Physics. Participants receive a TI-Nspire handheld and TI-Nspire Computer Software – Teacher Edition.

Using TI-Nspire in Your Classroom (3-day workshop, \$250 per person) August 12-14, 2009

For educators who have attended TI-Nspire professional development. Participants must have fulfilled one of the prerequisite courses. This course covers Algebra 1 and 2, Geometry, advanced math and Physics.
