

Chicago Teachers' Center
 Summer 2008
 Inquiry and Design Institute
Inquiry Essentials
 June 16 – 20, 9:00 – 4:30
 Chicago Teachers' Center, 770 N. Halsted.
 Light breakfast and lunch provided daily

Come with a team of teachers from your school or on your own and create an inquiry unit to implement this fall.

What will I do at the Inquiry Institute?

Each morning you will attend an Inquiry Essentials workshop of your choice:

- The Basics of Inquiry and Design
- Managing Inquiry
- Action Strategies to Engage Students in Inquiry
- The Socratic Seminar as an Inquiry Tool
- Writing to Inquire
- Information Gathering: Online
- Teaching Synthesis through Constructing Knowledge

After lunch, Laurie Frank will lead us through a variety of strategies to foster and maintain effective student inquiry teams.

Each afternoon you will attend planning sessions to process your experience and facilitate the development and design of your inquiry unit.

EARN UP TO 5 LANE CREDITS THROUGH THE INSTITUTE AND EXTENSION ACTIVITIES

Why Inquiry and Design?

What we teach and how we teach matters—which is why the **Inquiry and Design Institute** offers teachers a learning environment that stimulates innovation, provides time for planning, creates opportunities to build community, and celebrates new learning. Come join us for a week that promises to be productive and full of adventure.
